## DAHLIAS

All roots are guaranteed to be strong and healthy, and are field grown, to have at least one live eye, and to be true to name, and to leave our storehouse in perfect growing condition. However we cannot be responsible for conditions beyond our control, nor in any case for an amount greater than the original purchase price.

Orders of \$5.00 or over *received before April 10th* will be shipped free of charge, and on orders of \$5.00 or over, *received before March 25th*, we will allow a 5% cash discount in addition.

We sell six of one variety at the dozen rate. On orders of 50 or more roots of one variety, or for orders of \$10.00 or over write for special prices on varieties desired.

Orders are booked as received and if stock should be exhausted, money will be returned at once.

Shipping starts April 10th, unless otherwise requested. Orders are shipped express collect, or if parcel post is desired include money or postage.

Cash must accompany each order unless satisfactory credit is established. Money orders are preferred.

We have smaller quantities of many other varieties fully described in our 1934 Retail List.

A year ago we acquired the entire business of a late Dahlia grower; and also the roots of another grower, thereby increasing the number of our varieties as well as our acreage. We had a good season; more than doubling sales over 1932.

In presenting this 1934 Wholesale List to you we have taken into consideration the fact that times are not as prosperous as they were a few years ago. For this reason we have made every effort to place before you standard varieties; some fairly recent introductions and many old time favorites; of exceptionally fine quality dahlia roots at as reasonable prices as is consistent with good business.

We had an extra fine growing season last summer which together with the proper fertilization and good cultivation produced the best crop of Dahlia roots that I have ever seen.

We have an excellent crop of *Gladolus* bulbs, free from disease, but due to a cold wave coming, without warning, we had to dig them in a hurry, consequently getting many mixed. Helga a large pink and salmon; and Opalescent, a rosy lavender have only a very small amount of mixed. Prices on each are:
